COMMUNITY • SCIENCE • INNOVATION

DANA JEWEL HARRIS

Founder / Executive Director
www.nextstepsyep.org

I am a results-driven Organizational Development and Sustainability Consultant with a successful track record in creating comprehensive plans and strategies to drive organizational growth and impact. I am skilled in developing community engagement and economic development initiatives, conducting data analysis, and implementing donor recognition programs.

I am committed to helping you foster personal and professional development growth within your team, organization and the communities that you serve. I look forward to the opportunity to contribute my expertise in helping you achieve sustainable and transformative results.

ABOUT US

The NEXT Steps Youth Entrepreneur Program (501c3 nonprofit)

Since 2008, The NEXT Steps Youth Entrepreneur Program (501c3) has served as a nonprofit workforce intermediary specializing in creating innovative tools, projects, and experiential learning environments.

Key Impact of Project-Based Learning Environments

76%

Increase skills in problem-solving and critical thinking

71%

Learners feel more prepared for post-secondary education

88%

Learners feel they can apply what they learned to other settings

54-90%

Increase in student motivation

32%

Improvement in learners' ability to work in teams

Source: <https://zipdo.co/statistics/project-based-learning/>

THE PROBLEM

Many urban farmers are challenged with figuring out how to address, reduce and/or eliminate the socio-economic conditions that are negatively impacting their local food systems:

Aging Infrastructure

Changing Climate

Depressed Economy

Environmental Stresses

Shifting Demographics

Uncertain Energy Prices

OUR SOLUTION

We created the **ATWOOD Community Gardens & Urban Farm Model** as an innovative learning tool that turns urban farms into meaningful, project-based experiential learning environments. We use the ATWOOD Model to help to help community stakeholders (at any age) gain the skills they need to make decisions and take immediate action to create thriving farms and gardens.

BENEFITS

1

Empowerment and Ownership

By involving the community in the planning, implementation, and evaluation process, individuals gain a sense of pride and ownership in their accomplishments.

2

Relevant and Impactful Learning

By focusing on relevant issues, participants gain practical skills and knowledge that directly apply to their daily lives and future aspirations.

3

Collaborative and Social Learning

Collaborative learning environments create a sense of solidarity and mutual support, which, in turn, strengthens the social fabric of their farm community.

Value

An innovative and effective project-based marketing and recruitment platform that uses creativity, the arts and agritourism to appeal to young talent

Our Vision & Mission

Secure A Cooperative Contract

Vision

Use our Community Involvement Growth Strategies (CIGS) & Agricultural Technologies With Open Outdoor Designs (ATWOOD) Model to enhance current marketing and recruitment strategies for educational institutions and workforce development agencies that focus of life skills, career readiness and entrepreneurship

Mission

To create unique, game-based learning experiences that 1) integrate the arts, friendly competition, hands on, skill-building activities and creative calls to action and 2) rewards participants with career-building opportunities

Global Policy Framework

Our Priority SDGs

SUSTAINABLE DEVELOPMENT GOALS

2 ZERO HUNGER

3 GOOD HEALTH AND WELL-BEING

6 CLEAN WATER AND SANITATION

11 SUSTAINABLE CITIES AND COMMUNITIES

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

13 CLIMATE ACTION

15 LIFE ON LAND

There are 17 SDGs and 169 targets. Many global policy frameworks, including the UN Sustainable Development Goals (SDGs), address land and soil. While there is not a UN SDG dedicated to soil, seven goals directly or indirectly impact soils or cannot be achieved without soil.

Our Approach

HOW WE GET THINGS DONE!

We use our signature Community Involvement Growth Strategy (CIGS) Model to create innovative learning environments, recognize diverse mindsets and utilize local resources to yield high-quality, effective, and optimized outcomes. Only by interconnecting key stakeholders are we able to help educators, nonprofits, businesses and community leaders develop flexible, blended-learning employment solutions that benefit the entire community.

Organizational Development

Our leadership and skills development workshops ensure your leadership team is on a path towards sustainable growth and success.

Growth Strategies

Our custom community involvement growth strategies create stronger connections with the community and expand your network of supporters.

Data Analysis

Our valuable insight informs decision-makers, optimizes operations, identifies opportunities, and tailor your services to meet the precise needs of your constituents or customers.

nextstepsyep.org

01

Economic Development

Promote economic growth with a focused effort on industrial and commercial recruiting, tourism development, resident industry retention programs, entrepreneurial development, and special programs to increase the skill levels of the workforce that will result in higher incomes throughout the region.

02

Infrastructure & Transportation

Develop additional and improve upon existing regional infrastructure resources that will facilitate economic growth and the provision of public services.

03

Education & Workforce Development

Create innovative, project-based learning experiences to ensure that all students strengthen their knowledge and skills to effectively compete for and perform well in STEAM careers & industries.

04

Planning & Environmental Stewardship

Balance and manage community and economic development with conservation in an orderly and efficient manner.

05

Quality of Life

Improve the existing quality of life in the South Central Alabama Region to meet the needs of all of its citizens

06

Economic Leadership & Funding

Obtain and utilize all financial, organizational and leadership resources to benefit the entire region.

STEAM Education & Training Programs

Fresh Bites Civic Dinners & Farm Tours

Social Justice Initiative

Project-Based Learning, Arts, Storytelling

2023 VIP JEM Team Members included artists Bri Langford , Miniyah Winn (M.O.O.N.), Vida Carroll & Andrea Gordon (A.D. Productions). They used the art of storytelling to create visual images, content and merchandise to celebrate the past and modern day history of farmers in the Southern Black Belt Crescent.

Σḗckh0\$ From 'The Gaian Nexus

Digital Media Design Challenges

*Project-Based Learning, Entrepreneurship, Arts,
Marketing & Recruitment, Storytelling, Content Creation*

We use the power of film, digital media and entertainment to deliver the important message of environmental stewardship, conservation and preservation.

Money Guide for Young Entrepreneurs

Activity Workbook & Online Courses

*Project-Based Learning, Economic Development,
Financial Literacy & Entrepreneurship*

Follow Jream and her dad as they use their skills to help a local community use the resources they have to address, reduce and/or eliminate socio-economic conditions that are negatively impacting the local economy.

Community On Demand Impact Challenge

Community Involvement Growth Strategies Competition

*Project-Based Learning, Entrepreneurship, Agritourism
Network Development, Communities of Practice*

Students compete over the course of 8 weeks to form Junior Executive Management (JEM) Teams, develop viable agritourism networks for local food hubs, and present their innovative ideas, impact solutions and evidence-based results

COMMUNITY • SCIENCE • INNOVATION

IMPLEMENTATION TIMELINE

12 - 18 WEEK SESSION

The following timeline can be condensed to meet the needs of your program

Week 1

FAMILIARIZATION WITH ADMINISTRATION

Admin Play Date (PD) to introduce SIP Mindset, and review game components, training materials, CTAE Course Standards #1, skills self-assessments and other performance measures (1 Day/8hrs)

Within Weeks 3-7 of Program/Semester

PRE-ASSESSMENT SELF EVALUATIONS

Students are introduced to the Community On Demand™ card game components and conduct a pre- and post skills self-assessment; Begins instruction for Lessons 1-3 of the Money Guide for Young Entrepreneurs Activity Workbook

Week 9

(or half-way point)

PROGRAM EVALUATIONS

Students should be able to: present their projects, events, pitches and other deliverables (practice rounds/mock interviews or final versions) and conduct another skills self-assessment. Educators should host another PD/ Train-The-Trainer Workshop as a refresher course to share best practices and introduce Community On Demand™ to new cohort of teachers

Weeks 17 & 18 (or last two weeks of program/semester's end)

PROGRAM EVALUATIONS

Students conduct final skills self-assessments; Organization conducts recognition & rewards ceremony; Educators conduct final Train-The-Trainer Workshop (Debriefing, Evaluations & Performance Measures; Goal Setting, Feedback)

Week 2

TRAIN-THE-TRAINER WORKSHOP

Demonstration play dates to observe how educators plan to immerse Community On Demand™ game components and training materials into class instruction (Ongoing Peer-To-Peer Support)

Within Weeks 6 – 18 of Program/Semester

EXPERIENTIAL LEARNING BEGINS

Have students create, design and implement a project-based learning experience with a focus on using the STEAM Investigative Process to strengthen skills in critical thinking, decision-making, leadership, teamwork and creative problem solving

Week 16

(or two weeks before program/semester's end)

EVENT WEEK

Presentation of final products via career fair, "e"sports (education, entertainment & entrepreneurship) & pitch competitions, community stakeholder meetings or other public forum

Session Evaluation

ADMINISTRATION PLAY DATE

Group session to draft overall performance measures, metrics and deliverables and determine carry over projects for the next session.

FreshBites

A greenhouse pantry training program for the business, innovation, technology, economics & science behind our local food distribution system

The STEAM Education eGift Card Crowdfunding Campaigns
